

# ZEKREET

## **BEYOND** the name ...

ZEKREET is a village in north-western Qatar near Dukhan and about 80 km north-west west of Doha. Originally a sparsely populated area, ZEKREET was built up in the 1940s after oil operations commenced in Qatar. This included the construction of a harbour for oil equipment and a number of small houses which eventually developed into a village. There are a number of visitor attractions and old ruins at the site, one of the most notable being ZEKREET Fort, which is housed to the immediate north of the village.

The ZEKREET area is also enclosed by an amazing landscape with remnants of old settlements and prehistoric sites, where you will find desert mushrooms and fine sand dunes. Discover the ZEKREET Fort from 18th century and an early date press, found on the beach. Take photos of the famous umbrella shaped stone hut nestling on a limestone hill and admire the breathtaking sculpture of Richard Serra placed in a desolated space, in the heart of the desert. The result is spectacular and although modern, timeless.

# ZEKREET SERIES

IP66	IK08	220-240V	9-100 WATTS
1-10V	DALI	5YRS Warranty	LOW GLARE

## PHYSICAL

Body	Aluminium
Finish	Powder Coated

## OPTICAL

Di°user	19mm Toughened Glass
Light Emission	Symmetrical
Aiming	Fixed
CRI	>80

## ELECTRICAL

Gear	Integrated LED driver   220-240V   50/60Hz
Ambient Temp.	-25°C ~ 50°C
Ambient Humidity	10% ~ 90%

**ZEKREET** is a series of spot lights to be mounted on floor, wall, spike, tree with belt system or on a pole system. Available in various sizes, rotatable and inclinable on the vertical axis, they are designed for lighting small facades, small trees, bushes, statues, columns and other architectural elements in general, thanks to a wide range of optics and wattages. ZEKREET comes with a series of accessories that ensure different type of mounting and beam control.

### Product Features

- Anti glare grilling
- Self-lock design
- Hidden cable
- 180°+360° Adjustable
